Health for All – Active Clubs Experience (ACE)

Health for All has a successful track record of establishing and facilitating sporting activities for children, young people, and families in Leeds and surrounding areas. Sessions are delivered in schools and community settings. ACE engages inactive children in schools and communities and runs weekly activity sessions for Older people

The HFA Active Clubs Experience (ACE) service educates children and families on the importance of active lifestyles and inspires an enthusiasm for being active throughout life.

Through non-traditional sporting activities, ACE successfully engages children from disadvantaged backgrounds in weekly multi sports sessions especially those who, ordinarily, wouldn't be part of sport activities. We also regularly provide access to new opportunities including inter-school tournaments and residential.

Part of ACE's goal is creating a self-sustaining programme that enables young people themselves to deliver the ACE weekly sessions in schools and community settings. Young coaches are known as Sports Leaders and are recruited, trained and supported by HFA with many progressing to pursue sports coaching as a career choice.

The ACE Team has inspired over 10,000 children, has supported approximately 80 schools and engaged over 450 active elders. The ACE team is made up of a Manager, with 3 team leaders, who support the large staff team of coaches.
